### ABOUT ME

Steve Pink currently serves as the Communications Director at Pathway Church. He is a former college instructor of advertising, graphic design, and illustration, and brings both creative and ministry experience into everything he does. After coming to faith in Christ at the age of 30, Steve developed a deep passion for the local church and the transformative power of the gospel. Over the past twenty years, he has served in a variety of ministry contexts, including the Pittsburgh Presbytery, Riverside Community Church, Cornerstone Ministries, Pathway Church, and as a missionary in Cambodia. He has led the development of refined communication systems designed to support large, complex academic and ministry organizations. He currently resides in Crescent, Pennsylvania, with his wife, Christine, and their two children, Takaila and Nathan.

Steve brings a pastoral heart to his role in church communications, believing that every message, image, and story is an opportunity to point people toward Christ. He has extensive experience developing ministry branding, shaping sermon series campaigns, managing digital and print content, and equipping leaders and volunteers to communicate with clarity and purpose. His work supports preaching, discipleship, outreach, and church unity.

### PERSONALITY
